Sort by relevance | Sort by date (new first) | Sort by date (old first)

Optimizing code based on resource sensitive hoisting and sinking
US Pat. 6044221 - Filed May 9, 1997 - Intel Corporation
5 illustrates the various subpaths in a **control** flow **graph** that are used in a
... unique path from the entry to the exit of the zation. **acyclic** flow **graph**.
...

Tamper resistant software encoding
US Pat. 6594761 - Filed Jun 9, 1999 - Cloakware Corporation
Each definition of a variable is given a unique **version**, and different **...** of a
variable reach a **merging** node in the **control** flow **graph** of the program, **...**

Versioned relational database system with an optimistic constraint model
US Pat. 7028057 - Filed Jul 25, 2002 - Oracle International Corporation
23 24 Returning to step 922, if the **version control** subsystem 11 makes a
positive **...** is thus no longer a hierarchy, but rather a directed **acyclic graph**.
...

Tamper resistant software-**control** flow encoding
US Pat. 6779114 - Filed Aug 19, 1999 - Cloakware Corporation
This yields an intermediate representation in which expressions are represented
in directed **acyclic graph** (DAG) form, that is, in tree form, if there are no **...**

[APPLICATION] **Merging** graphical programs
US Pat. 11330724 - Filed Jan 12, 2006
The vertices of the **graph** are the terminals and nodes of the block diagram. **...**
code **control** to: manually merge changes made to a local file to the **version ...**

Tamper resistant software encoding
US Pat. 6842862 - Filed Jan 10, 2003 - Cloakware Corporation
When several definitions of a variable reach a **merging** node in the **control** flow
graph of the program, a merge function assignment statement called a phi, **...**

Apparatus and method for providing a facility for managing versions and ...
US Pat. 5862386 - Filed May 14, 1993 - Texas Instruments Incorporated
4 shows **version graph** after the object in has undergone a series of evolutions.
... composition of objects into general graphs which need not be **acyclic. ...**

Variant domains and variant maps in a versioned database management system
US Pat. 5386559 - Filed Jul 16, 1992 - International Business Machines Corporation
Thus a derivation **graph** is a directed **acyclic graph**. The **version**(s) from **...** The
specification of the data for any **version** is entirely under user **control. ...**

Resolution of relationship source and target in a versioned database ...
US Pat. 5504879 - Filed Jul 16, 1992 - International Business Machines Corporation
Thus a derivation **graph** is a directed **acyclic graph**. The **version**(s) from **...** The

Patents   Showing: Any status ▼ View as: List ▼   Patents **1 - 10** on **versions conflict resol**

Test executive system and method including distributed type storage and ...
US Pat. 6397378 - Filed Feb 26, 1999 - National Instruments Corporation
The **conflict resolution** method of the present invention detects this **...** The
user preferably creates the type using a graphical **user interface** (GUI). **...**

Test executive system and method including step types for improved ...
US Pat. 6401220 - Filed Feb 26, 1999 - National Instruments Corporation
The **conflict resolution** method of the present invention detects this **...** The
user preferably creates the type using a graphical **user interface** (GUI). **...**

[APPLICATION] **Conflict resolution** during data synchronization
US Pat. 10743049 - Filed Dec 23, 2003 - Intel Corporation
The **conflict resolution** request may be addressed to **user** 101, **...** an exemplary
user interface for a client application prompting **user** 101 to select which of
...

Test executive system and method including process models for improved ...
US Pat. 6577981 - Filed Feb 26, 1999 - National Instruments Corporation
50 When the **user** loads a file which includes a stored type, the method of the
present invention executes to perform **conflict resolution**. **...**

System and methods for synchronizing datasets when dataset changes may be ...
US Pat. 6449622 - Filed Apr 15, 1999 - Starfish Software, Inc.
However, if the server detects a **conflict** but cannot compare timestamps in order
to perform timestamp-based **conflict** 20 **resolution**, it will prompt the **user ...**

Computer implemented method for simultaneous multi-**user** editing of a document
US Pat. 6067551 - Filed Nov 14, 1997 - Microsoft Corporation
2G for **conflict resolution**. In short, the determination of whether any editing
... a **conflict resolution** dialog box 600 is displayed on the **user interface ...**

Test executive system and method including automatic result collection
US Pat. 6473707 - Filed Feb 26, 1999 - National Instruments Corporation
When the **user** loads a file which includes a stored type, 65 the method of the
present invention executes to perform **conflict resolution**. **...**

[APPLICATION] **User interface** for **conflict resolution** management
US Pat. 11028463 - Filed Jan 4, 2005 -
[0019] The **conflict resolution** manager 114 provides a graphical **user interface** (
GUI) that displays potential conflicts to the knowledge engineer 116. **...**

System and methods for communicating between multiple devices for ...
US Pat. 6487560 - Filed May 13, 1999 - Starfish Software, Inc.
However, if the server detects a **conflict** but cannot compare timestamps in order
to perform timestamp-based **conflict resolution**, it will prompt the **user** to

Patents   Showing: | Any status ▾ | View as: | List ▾ | Patents **1 - 10** on **versions conflict resolu**

Sort by relevance | Sort by date (new first) | Sort by date (old first)

Method and apparatus for managing resource allocation conflicts in a ...
US Pat. 6377540 - Filed Jul 31, 1998 - Motorola, Inc.
In step 510, the **conflict resolution** center performs a **conflict resolution**
procedure. In a preferred embodiment, the **conflict resolution procedure** is as
...

System and methods for synchronizing datasets using cooperation among ...
US Pat. 6401104 - Filed Jul 3, 1999 - Starfish Software, Inc.
In the **procedure**, one of the factors considered for each third-party dataset j
is whether the received client record has lost any **conflict resolution** to the
...

System and method for asynchronous store and forward data replication
US Pat. 5812793 - Filed Jun 26, 1996 - Microsoft Corporation
As disclosed in greater detail below, it is presently pre- 45 **conflict**
resolution are described in the copending **Conflict** Similarly, one change made to
a ...

System, method and computer program product for storage of a plurality of ...
US Pat. 6182080 - Filed Sep 12, 1997 - Netvoyage Corporation
The collision group property previously discussed is part of one type of
conflict resolution. In this method, conflicting **versions** of a document are
stored ...

Computer implemented method for simultaneous multi-user editing of a document
US Pat. 6067551 - Filed Nov 14, 1997 - Microsoft Corporation
40 **Conflict Resolution Procedure** In referring now to FIG. 2G, the **resolution** of
conflicts between User 1's local copy 65 and the master copy 60 the document ...

Bidirectional database replication scheme for controlling ping-ponging
US Pat. 6122630 - Filed Jun 8, 1999 - ITI, Inc.
If the **versions** are not consistent, one of the following rules is selected: 1.
... **Conflict resolution** is an application-dictated piece of code. ...

Application-specific **conflict resolution** for weakly consistent replicated ...
US Pat. 5603026 - Filed Dec 7, 1994 - Xerox Corporation
Similarly, the application specific **conflict** 60 **resolution** methodology might be
... said process comprising associating an arbitrary merge-**procedure**, ...

Inference method and system
US Pat. 4959799 - Filed Nov 3, 1988 - Hitachi, Ltd.
The **resolution** method portion 312 stores the **conflict resolution** method ... the
variable and frame in the working area, while each of < **procedure**-call ! ...

Method and system for merging menus of application programs

Sort by relevance | Sort by date (new first) | Sort by date (old first)

Efficient precomputation of quality-of-service routes
US Pat. 6633544 - Filed Jun 24, 1999 - AT&T Corp.
8 is a flowchart depicting a series of steps for calculating and storing a
directed **acyclic graph** of **multiple** equal-cost paths to each destination in a **...**

Method and system for storing information in a computer system memory using ...
US Pat. 5970496 - Filed Sep 12, 1996 - Microsoft Corporation
9, the preferred index, such as the index 830, is a data **array** comprising a
sorted table of **...** 9 corresponds to the directed **acyclic graph** shown in FIG. 2.
...

Naming system for hierarchically named computer accessible objects
US Pat. 5995999 - Filed Mar 12, 1997 - Fujitsu Limited
102a-/ have cached references to objects so that if the That is, the name is
assumed to be a directed **acyclic graph**, address of the object changes, **...**

Interative, gridless, cost-based layer assignment coarse router for computer ...
US Pat. 6349403 - Filed Dec 18, 1998 - Synopsys, Inc.
i • j • appropriate layers as a wire connection may span **multiple** cation of **...**
a directed cyclic **graph** structure disadvantages which are described below, **...**

XML remote procedure call (XML-RPC)
US Pat. 7028312 - Filed Mar 23, 1999 - webMethods
In the context of a containing RECORD, LIST, or **ARRAY** element (where the **ARRAY**
... is to allow a single data item to be contained in **multiple** data items. **...**

System and method for enumerating all **acyclic** paths in a processing system ...
US Pat. 5371744 - Filed Mar 23, 1992 - Hughes Aircraft Company
For example, when the program for enumerating **acyclic** paths 30 reads the line "1
-2" from the input file in FIG. 6, it makes an entry in the internal **array ...**

Method and apparatus for DP matching using **multiple** templates
US Pat. 5067166 - Filed Mar 23, 1990 - International Business Machines Corporation
... particularly as compared to the stack (**acyclic graph**) method. **...** (a)
Formation of Tree-Structured Dictionary from **Multiple** Label Sequences The **...**

Telecommunications routing
US Pat. 7362727 - Filed Jul 19, 2000 - British Telecommunications public limited company
Since **multiple** routes are typically This value is instrumental in the **...** alters
its point builds a directed **acyclic graph** (DAG) rooted at the desti- 55 of **...**

[APPLICATION] XML remote procedure call (XML-RPC)
US Pat. 11002089 - Filed Dec 3, 2004 -
The VALUE and **ARRAY** elements may have **multiple** associated type labels that
together define the data type of the associated data

Dynamic modeling for resource allocation in a file server
US Pat. 6230200 - Filed Sep 8, 1997 - EMC Corporation
In step 731, the directed **acyclic graph** creation and maintenance program (722
... For example, a particular model of cached disk **array** will have a storage **...**

Generating process models from workflow logs
US Pat. 6038538 - Filed Dec 15, 1997 - International Business Machines Corporation
The method first finds the topological order of the directed **acyclic graph**. Two
arrays of size |V| for each vertex v are kept. One **array** keeps the **...**

Method and system for distributed information management and document retrieval
US Pat. 5446883 - Filed Oct 23, 1992 - Answer Systems, Inc.
Acyclic graph data base 27 contains a collection of given document solution. **...**
and batch dumps these export an **array** of memory elements containing records **...**

Systems and methods for incrementally updating an image in flash memory
US Pat. 6775423 - Filed Jan 8, 2001 - Microsoft Corporation
Therefore, at step 404, a bit **array** is created for a strongly **...** The process
then reverts to step 410 to determine if an **acyclic graph** has been produced, **...**

Efficient precomputation of quality-of-service routes
US Pat. 6633544 - Filed Jun 24, 1999 - AT&T Corp.
This data structure is used to implement the directed **acyclic graph** shown in FIG
. **...** In particular, FIG. la depicts an **array** 711 of linked lists **...**

Method and system for storing information in a computer system memory using ...
US Pat. 5970496 - Filed Sep 12, 1996 - Microsoft Corporation
9, the preferred index, such as the index 830, is a data **array** comprising a
sorted table of **...** 9 corresponds to the directed **acyclic graph** shown in FIG. 2.
...

Directory generation system having efficiency increase with sorted input
US Pat. 4086628 - Filed Nov 12, 1973 - International Business Machines Corporation
An **ACYCLIC GRAPH** is a directed **graph** containing no directed circuit. **...** It is
represented as a subscript on the vector, matrix, or **array** representation. **...**

Method and apparatus for unique address assignment, node self-identification ...
US Pat. 5394556 - Filed Dec 21, 1992 - Apple Computer, Inc.
5 illustrates a directed **acyclic graph** with a possible unique address assignment
order **...** The circuitry may comprise a programmable logic **array** (PLA) or be **...**

Method for mapping data between a relational format and an object-oriented ...
US Pat. 5694598 - Filed Oct 12, 1994 - U S WEST Technologies, Inc.
Each element (item-**array**) is in turn an **array** TO-attribute. This partitioning is
performed using the ... are ordered as a directed **acyclic graph** (DAG)

System and method of identifying and resolving **conflicts** among **versions** of a ...
US Pat. 6598059 - Filed Apr 22, 2000 - Oracle Corp.
... wishes to check out **tables** from a checked out copy, he or she will first
need **... management** system to identify in the 50 **database** table record **versions**
...

System and method of refreshing and posting data between **versions** of a ...
US Pat. 6557012 - Filed Apr 22, 2000 - Oracle Corp
The link module is configured to enable the **database management** system to link
respective **versions** in the child state from which data go was posted to a **...**

Database version control subsystem and method for use with **database** ...
US Pat. 6631386 - Filed Apr 22, 2000 - Oracle Corp.
In addition, the DBMS 12 may, in response to queries from the users 14, update
the data stored in the **database** 13. The data in the **database tables** 13« are **...**

System and method for enforcing referential constraints between versioned ...
US Pat. 6584476 - Filed Apr 22, 2000 - Oracle Corp.
Accordingly, if a user wishes to check out **tables** from a checked out copy, **...**
subsystem for use in connection with a **database management** system that allows
...

Database Synchronizer
US Pat. 5926816 - Filed Oct 9, 1996 - Oracle Corporation
Both **versions** are created as identical copies at the time of synchronization.
... server can apply filters to the data in the respective **database tables**. **...**

Database synchronizer
US Pat. 5870765 - Filed Oct 9, 1996 - Oracle Corporation
Both **versions** are created as identical copies at the time of synchronization.
... server can apply filters to the data in the respective **database tables**. **...**

System for synchronizing shared data between computers
US Pat. 5884325 - Filed Oct 9, 1996 - Oracle Corporation
Both **versions** are created as identical copies at the time of synchronization.
... server can apply filters to the data in the respective **database tables**. **...**

System for synchronizing data between computers using a before-image of data
US Pat. 5870759 - Filed Oct 9, 1996 - Oracle Corporation
That is, both the client and the server can apply filters to the data in the
respective **database tables**. Preferably, both row (horizontal) and column **...**

Update support in **database** content **management**
US Pat. 6564215 - Filed Dec 16, 1999 - International Business Machines Corporation
Next, the **database** agent scans the catalog **tables** to identify all user **tables**
